EVANGELIST CLAPP AT THE BAPTIST CHURCH.

Rev. Wilbur L. Clapp of Appleton, has been speaking each evening at the new Baptist church for several days, and will remain until Sunday. Mr. Clapp has had seven years experience as an Evangelist and has spent an equal time as pastor, much of the time in Chicago. His sermons are clear, fearless expositions of Bible truths, pointedly illustrated by incidents that have arisen from his own experience and observation. The power of the meetings deepens nightly as the people are coming to appreciate this unusual privilege. Two cornets are used to lead the singing which is in charge of Rev. Geo. E. Dewey. The meetings will close Sunday night.

AN ELECTRIC LINE.

Once Again it is a Sure Thing that Grand Rapids is to have Electric Line.

Grand Rapids is again to have an electric road. We have an annual attack of electric railway in this section about as regularly as the seasons roll round. Up to date none of these attacks have proven serious, but there is no telling what may happen when we least expect it.

The news of the new line comes from Madison, where articles of incorporation have been filed by a company which will be known as the Wisconsin Valley Electric Railway Co., and incorporators are H. F. Whitcomb, Geo. A. Whiting and George Lines of Milwaukee. Mr. Whitcomb is engaged in the paper industry, and Mr. Whitcomb was formerly president of the Wisconsin Central Ry. The capital stock of the new company is \$25,000 which of course would have to be increased if it was expected to do anything.

There has been talk of a Wisconsin valley electric line for a number of years past, and while the present scheme may not amount to any more than some of those that have gone before, it shows that capitalists have their eye on this locality and consider it a favorable locality for such a scheme, and that in time, such a line will be built.

Senator Spooner Resigns.

Senator John C. Spooner, the senior member of the upper house from Wisconsin, has resigned his position, came to take effect the 1st of May. In making his resignation Mr. Spooner gives as the cause the fact that he is getting well along in years and that it is his interest to again engage in the law business if he wants to do anything along his line before old age overtakes him.

The resignation of Senator Spooner has naturally started a great deal of speculation as to who will be his successor. Among those mentioned for the place are, Stephenson, Connor and Leavitt, as well as a number of other prominent republicans throughout the state. Of course it is pretty hard to tell the outcome of the matter of this kind, but if our readers will allow us to make a guess, we should say that the next senator would be a man from Marshfield by the name of W. D. Connor.

Are Now Doing Business.

Sampson and Halvorson have their goods furnishing store open, but are not able to make the display that they will in a few days, on account of some of their fixtures not having arrived. They will have a very neat place when everything is completed.

They had their showcases made by the Kandy Mfg. Co. of this city, and have some very nice cases, and report that they were furnished cheaper than they could have bought them in Chicago.

A Family Row.
John Pollard and Joseph Oshaske of Rudolph were brought before Justice Kevon on Wednesday on a charge of assault and battery, the complaining witness being Martin Hilgers, brother-in-law of Oshaske. They pleaded guilty to the charge and paid a fine of five dollars and costs.

Organized a Lincoln Club.
A number of our young men have organized a Lincoln club, the officers of the same being:

L. A. Homan—president.
Henry Bonebrake—vice-president.
Edward Thompson—secretary.
Charles Natwick—treasurer.

One More for Grand Rapids.

Grand Rapids has an addition to her number of real estate men. J. H. Linderman, formerly of Ripon, Wis., has decided to cast his lot among us and has opened an office with Atty. J. J. Jeffery over Gross and Lyons store, as manager of the Wis. Insurance and Realty Co.

Mr. Linderman has been one of Wisconsin's corps of high school principals but has made up his mind that health and wealth are more plentiful in the business world. So, after making a study of the realty business, and becoming associated with one of the leading realty companies of the United States he has chosen Grand Rapids as the best city Wisconsin affords for building up an insurance and Real Estate business.

The more honest real estate hustlers a city has the better it is for that city, and as we are informed that Mr. Linderman is one of the above stamp, we extend to him the right hand of fellowship, and wish him all kinds of success.

Lumber Yards Change Hands.

During the past week there has been quite a change in the lumber business in this city. The two yards of the Grand Rapids Lumber Co., and that of the West Side Lumber Co., have been purchased by the Parkins-Martin Lumber Co. of Madison. The west side yard of the Grand Rapids Lumber Co. will be kept up. This will eliminate the lumber business down to two firms in this city, that of Kellogg Bros. and the new company.

Mr. Parkins was in the city the greater part of last week and the business was closed up on Friday. The west side office will be in charge of M. G. Gordon, altho it cannot be stated at this time who will operate the east side office.

Stock Fair Next Tuesday.

The regular monthly stock fair will occur in this city on the east side market square next Tuesday, March 12. The indications are that there will be a good demand for horses on that day, as Mr. Loomis of Ashcroft has signified his intention of being in the city and says that he will want fifty horses. He wants good looking, but says that if they have a slight touch of the heaves it will make no difference.

There will also be buyers for chickens, young pigs, fresh milk cows and other farm products. Those who have anything in this line to sell are notified to bring them in.

A. S. of E. Organized.

The members of the different organizations of the American Society of Equity held a meeting in this city on Monday and effected a county organization. They elected as officers the following:

President—Arthur Beau of Hansen.
Vice president—George Conklin of Seneca.

Secretary—O. J. Lee of Seneca.
Treasurer—Henry Hackbarth of Sigel.

There was a good crowd in attendance at the meeting there being a number of farmers in beside the regular delegates, making it evident that considerable interest is being taken in the work.

Inauguration of Reduced Rates.

The Chicago Northwestern Railroad company has given notice that the passenger rate of 2 1/2 cents a mile will go into effect on its system in this state, March 10. It is probable that the new rate will be inaugurated on the Wisconsin Central lines at the same time, though as yet no official notice at that effect has been issued to station agents.

The Green Bay & Western has made no announcement of its purpose since the rate commission made public its ruling and from this fact it is presumed that that road will continue its present schedule.

In Honor of Her Birthday.

Miss Mathilda Stahl entertained a few of her friends at her home on Tuesday evening, the occasion being her eighteenth birthday. The evening was spent in playing games and solving contests, the lucky ones in securing prizes being, Miss Alta Shermer and Ira Wood. Light refreshments were served and the party of young people departed for their homes at an early hour, wishing Mathilda many happy returns of the day.

Final Oratorical and Declamatory Contests.

The final oratorical contest of the Lincoln High school will be held at the High school, Wednesday evening, March 6, and the final declamatory contest on Friday evening March 8. Two representatives of each high school class have been chosen to compete in each contest, and on Wednesday and Friday evenings of this week these people will contest to decide who will represent Grand Rapids High school in the League contest.

E. F. U. Have a Cinch Party.

Last Wednesday evening the members of the E. F. U. Lodge and their friends gathered at their hall and spent a very pleasant evening. The evening was spent in playing Progressive Cinch for which Wm. Boyce and Mrs. Wm. Henke carried off the prizes. A very good time was had by all those in attendance.

BREWERY ACCIDENT.

Night Watchman Injured by Explosion of an Ammonia Tank at the Brewery.

One of the ammonia tanks exploded at the brewery on Wednesday evening, and the result was that Henry Polawitz, who acts as night watchman, was injured by the fumes of ammonia and one side of his face was burned and one eye injured considerably, but not enough so that he will lose the sight of it. Some of the pipes in the engine room were damaged, as well as a slight damage to the engine, but the loss in this respect will be very small.

The collars of the brewery are kept cool at an even temperature the year round with the aid of a refrigeration plant, the ammonia being contained in the engine room, and then led thru the collars in coils, which are kept cool by the expansion of the ammonia. At times it is necessary to draw off a part of the ammonia, and for this purpose made of heavy steel, which are much greater pressure than are ever subjected to. It was one of these tanks that exploded and caused the trouble. It is not known what caused the trouble, but was undoubtedly a defect in the tank.

Taken altogether it was a very lucky escape, as it might easily have proven much more serious.

Does Not Like Proposed Law.

Simon Worland, chairman of the town of Sigel, was in the city on Monday and while here Mr. Worland called at the Tribune office and spoke of the bill which Assemblyman Goldworthy has introduced into the legislature regarding highways in towns where the roads are used by the rural carriers.

The bill provides that if there is any objection on the highway that the rural carrier can notify the chairman of the town or the rural commissioner and if the objection is not removed within ten days that the chairman becomes personally responsible for any damage done. Mr. Worland explained that the chairman of the town had no authority to fix up the roads, and that it could only be done by the board acting in session, and this could only be accomplished after proper notice had been given, and that ten days was too short a time in which to look after a matter of this kind.

Another thing, he saw no reason why a rural carrier should be in a position to dictate to the town authorities as to what they should do with their roads. If the road were a dangerous one and he should hurt himself or his horse in passing over it, he would have the same redress as any other citizen, which he thought was sufficient.

Again Handling Express.

Charles Phillo started in again last Monday handling the express for the American Express Co. on the east side, and will hereafter be in charge of the office. Mr. Ketchum will have his coal and wood office in the same place as heretofore. Mr. Phillo left the express office some time ago on account of his health, and since that time he has been doing outside work and is feeling better.

Gross & Lyons Sell Out.

Gross and Lyons have sold out their grocery and dry goods store on the west side to Johnson & Hill Company, and the latter firm took possession of the place on Monday. Mr. Hill states that it is probable that the stock will be closed out right where it stands, and at the present time they have no intention of extending their quarters as rumored when the sale was made.

It is stated that Mr. Gross will associate himself with the Kickbush firm at Wausau in the wholesale grocery business, but Mr. Gross himself is not making any statement concerning the matter at the present time. Mr. Gross left for Wausau this morning.

Arrested for Horse Stealing.

Frank Boregard of Port Edwards was arrested by Sheriff Welch on Monday being charged with horse stealing by parties from New London. On Tuesday the officers from New London arrived in the city and took the man in charge.

Candidates Announced.

Harry Gardner has announced himself as a candidate for alderman in the third ward and Geo. P. Hambrecht as supervisor for the same ward. Up to the present time no nomination papers have been filed with the city clerk and the indications are that the coming spring election will be rather a tame affair.

Attention Comrades.

Ye old soldiers and your best girls are wanted at the G. A. R. Hall Friday at 6 o'clock p. m. to eat oysters and get acquainted with the ladies of the W. R. C. Come and get full.

Left for Iowa.

Howard McCamley left on Tuesday for central Iowa where he expects to spend about a month, and he will then go to North Dakota, where he will take charge of a telephone exchange.

CITY DADS MEET.

Little to do Outside of the Regular Routine Business. Several Petitions.

The city council met on Tuesday evening in regular monthly session, but outside of a few petitions and the regular monthly batch of bills there was very little to do, and the session was rather a short one.

A petition was presented asking that the city fathers see about securing the ground in front of O. Dennis place for the purpose of taking up a playground for the children and a place which could be used by the working men during the noon hour for eating dinner. The matter was referred to a committee.

There was a petition signed by a large number of our citizens asking that the matter of putting a street thru from 1st to second streets be investigated and a report made at the next meeting of the council. This matter was referred to the street committee.

There was a petition from the Stange-Ellis Co. asking that a water main be laid from Grand Ave. thru their property for the protection. Also that certain streets now running across their property be vacated in order to allow them to use the ground in putting up their new buildings. These petitions were both granted.

After the allowance of the usual grist of bills the council adjourned.

Lost the Sight of an Eye.

Michael Mason, Sr., father of Gary, James and Mike Mason of this city, recently lost the sight of his left eye. When he retired at night he was all right and when he awoke next morning he was entirely blind in the left eye. He has suffered no inconvenience otherwise.

KRUGER & WARNER CO. ANNOUNCE TO THE PUBLIC

that their spring goods are arriving daily and in fact are nearly all in, and they invite your inspection.

THE CLOTHES WHICH BEAR THE LABEL KRUGER & WARNER CO.

are made for the man who wears the clothes, they are made to withstand the test, and once you purchase a suit bearing our label, your clothes problem will be solved for all time.

Have you ever had the misfortune to buy a suit of clothes, wear it a short time, and then wonder why you didn't like it? You can attribute the fault to one thing—CHEAP TAILORING. This is where the unwise retailer and unscrupulous manufacturer get their abnormal profit—still their stuff looks good for awhile.

That is what we mean when we say usual clothes, generally cost as much as our "UNUSUAL CLOTHING." We handle clothing that is made to give you the satisfaction you have the right to expect. The thoroughness of the inside work guarantees the "UNUSUAL" outward appearance until the cloth wears out. When it is a question of "good clothes" by all means see

When You Buy Clothes This Spring

You're going to take your choice between "mercerized-cotton" and "all-wool" fabrics. You'll find either one easy to get, if you go to the right place for it.

If you choose "mercerized-cotton" clothes it will be either because you don't know what they are, or because you "think they'll do," and you may save a dollar or so. But in either case you'll be a loser; mercerized-cotton goods don't wear the money's worth; don't keep shape, nor look right after a few weeks.

If you choose "Hart Schaffner and Marx" all-wool, you'll have to come to us for it. You'll find here the highest type of clothing—style, hand tailored, perfect fit, and absolutely all-wool with no sign of a cotton thread. It pays to make and sell such clothes; pays the wearer best of all.

"New Spring Styles Now in. We'll be glad to show them to you."

THE FIRST DOLLAR

It does not take a master mind to spend money. Almost anybody can spend all the money he earns if he tries hard. It is saving money that takes a firm mind and a determined notion to spend less than you earn. After you have saved the first dollar, it comes easier, and in the course of time the habit grows on you until you have accumulated enough capital so that you are independent of your day's earnings.

You can find out all about savings banks and their methods if you will call at the Bank of Grand Rapids and ask for the information. When a dollar is deposited it commences to earn you money and you not only have the original dollar if you need it, but you have the accrued interest.

Pianos and Organs.

Many people make the mistake when they invest in an instrument, of buying one from an outside dealer and taking chances on what they are getting. This is a very poor way of saving money, as a poor piano is an abomination, while a good one is a thing of beauty and a joy forever.

Probably as reliable an instrument as is turned out today is those made by the Cable Co. of Chicago. They make cheap, all-grades and even the cheapest are highly recommended by those who have used them. They are handled by Mrs. F. P. Daly of this city and she stands ready to make good on every claim that is made for them. If you want to see an instrument she has a number in stock and will be pleased to show them to you at any time.

Physician Finds Eczema Cure.

—The medical world is stirred by the great number of eczema cures now being effected by the method discovered by a prominent skin specialist, Dr. D. D. Dennis of Chicago. Several years ago Dr. Dennis announced to the medical world that when the skin is diseased, it is curable through the skin alone, and that if the patient is in good health, otherwise it is impossible to cure eczema, each of a person suffering from eczema, psoriasis, or any kindred ailment.

Dr. Dennis compounds perfectly harmless, soothing and refreshing to the skin, and quickly eradicating the disease. This prescription has now been put up in bottles and may be secured direct from drug stores.

Many wonderful reports have been coming in from all parts of the country and some right from this city as to the remarkable cures effected by Dr. Dennis' prescription, especially when it is used in connection with D. D. D. soap. This paper is able today to print the following:

"I am pleased to be able to inform you that two bottles of your Prescription have effected complete cure of the eczema which I have suffered on the soles of my feet for several years that was contracted in South Florida."—M. B. Henry, 429 Watkins Street, Augusta, Ga.

The D. D. D. Prescription may be had at Daly's drug store. Call and investigate—no one is urged to buy.

"THE GRASS WIDOW."

"I felt to see," I said to the

Seen too kindhearted.
She blushed at me, then winked at me
As if she were a widow.
I'm not a widow, either.
But a grass one."

Private Ownership.

Before a great fire of logs in Holston Hall, the seat of his utopian colony, Upton Sinclair one snowy night talked of the injustice of the private ownership of land.

"A tramp was one day striding through a wood that belonged to the Duke of Norfolk. The duke happened to meet him and said:

"Do you know you're walking on my land?"

"Your land?" said the tramp. "Well, I've got no land of my own, so I'm obliged to walk on somebody's. Where, though, did you get this land?"

"I got it from my ancestors," said the duke.

"And where did they get it from?" went on the tramp.

"From their ancestors," said the duke.

"And where did their ancestors get it from?"

"They fought for it,"

"Come on, then," said the tramp fiercely as he pulled off his coat, "and I'll fight you for it."

"But the duke, hastily retreating, declined to accept this fair offer."—Washington Star.

His Brilliant Idea.

"Why is it," she asked shortly after the wedding, "that you don't care to skate any more? You were so fond of it before we were married."

"I wasn't fond of it, my dear. To tell you the truth, I knew you enjoyed it so that I felt as if I had to."

"Thought I enjoyed it? Heavens, I was a martyr too. I thought if I didn't go, and be tortured by you, some other girl, and."

"Say, Fanny, I believe it would be a fine thing if every girl and boy could be locked up for the minute they become engaged and kept behind bars till the day of their marriage."—Chicago Record-Herald.

When Man is Unambitious.

Fred—There are times when I care nothing for riches—when I could not so much as put forth a hand to receive millions.

Kittie—Indeed! That must be when you are tired of the world and its struggles and vanities—when your soul yearns for higher and nobler things.

Is it not?

"Then, when is it?"

"When I'm sleeping."—Tit-Bits.

Merely His Guess.

"Haven't you anything smaller?" asked the druggist when the customer handed him a \$100 bill.

"Yes, but I don't believe you'd want it."

"Why not?"

"It's a piece of court plaster that I got in a barber shop and have been using all morning."—Chicago Record-Herald.

Extremists All.

Batcheller—Well, if I ever do take a wife I'll make it a point to pick out an economical woman. Wiseman—Impossible, my dear boy. There's no such thing as an economical woman. A woman is either extravagant or stingy.

Catholic Standard and Times.

A Fair Target.

Ascum—Did Shea actually ask old Roxley for his daughter's hand?

Wise—Yes, and he claims he compelled the old man to toe the mark.

Ascum—You don't say?

Wise—Yes, but Shea was the mark.

Catholic Standard and Times.

Style.

"Don't you think that author has a remarkably original style?"

"Yes," answered Mr. Cumrox, "his style is wonderful. I can't understand a single sentence he writes without reading it at least twice."—Washington Star.

It Didn't Last.

Smith—Did I ever tell you about the morning I woke up and found myself famous?

Jones—No. What did you do then?

Smith—Oh, I went to bed the next night and slept it off.—Detroit Tribune.

Just Before the Crash.

"Hold on!" yelled the fireman. "Stop here! Don't you see that red light ahead?"

"Never mind," replied the engineer. "We're late. Let's take a chance."—Chicago Record-Herald.

Wausau Record—Just yesterday eight men to Tomahawk Saturday evening to work for the Bradley company. He secured them at Marshall. Mr. Justensen has hit upon a novel plan to prevent the men he sends north from beating his Monday. He hires only those who carry baggage. This baggage he checks when he purchases the tickets for transportation. These checks are sent to the company at Tomahawk and are held until the owner has worked long enough to pay the expense the company has incurred in sending him to Tomahawk. Mr. Justensen says the scramble for men is so keen, that the logging camp foremen are becoming unscrupulous. Offers of higher wages, the men are constantly lured from one camp to another.

For this reason, mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels and none in the medicine, else it would not be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy.

Take in children, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the labels and none in the medicine, else it would not be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy.

EVANGELIST CLAPP AT THE BAPTIST CHURCH.

Rev. Wilbur L. Clapp of Appleton, has been speaking each evening at the new Baptist church for several days, and will remain until Sunday. Mr. Clapp has had seven years experience as an Evangelist and has spent an equal time as pastor, much of the time in Chicago. His sermons are clear, fearless expositions of Bible truths, pointedly illustrated by incidents that have arisen from his own experience and observation. The power of the meetings deepens nightly as the people are coming to appreciate this unusual privilege. Two cornets are used to lead the singing which is in charge of Rev. Geo. E. Dewey. The meetings will close Sunday night.

When You Buy Clothes This Spring

You're going to take your choice between
"mercerized-cotton" and "all-wool" fabrics.
You'll find either one easy to get, if you go to
the right place for it.

If you choose "mercerized-cotton" clothes it
will be either because you don't know what they
are, or because you "think they'll do," and you
may save a dollar or so. But in either case you'll
be a loser; mercerized-cotton goods don't wear
the money's worth; don't keep shape, nor look
right after a few weeks.

If you choose "Hart Schaffner and Marx"
all-wool, you'll have to come to us for it. You'll
find here the highest type of clothing—style,
hand tailored, perfect fit, and absolutely all-wool
with no sign of a cotton thread. It pays to make
and sell such clothes; pays the wearer best of all.

"New Spring Styles Now in, We'll be glad
to show them to you."

AN ELECTRIC LINE.

Once Again it is a Sure Thing
that Grand Rapids is to have
Electric Line.

Grand Rapids is again to have an
electric road. We have an annual
attack of electric railways in this
city, just as regularly as the seasons
roll round. Up to date none of these
attacks have proven serious, but there
is no telling what may happen when
we least expect it.

The news of the new line comes
from Madison, where articles of in-
corporation have been filed by a com-
pany which will be known as the
Wisconsin Valley Electric Railway
Co., and incorporators are H. F.
Whitcomb, Geo. A. Whiting and
George Lines of Milwaukee. Mr.
Whiting is president of the company
and Mr. Whitcomb is vice president
of the Wisconsin Central Ry. The capital
stock of the new company is \$25,000
which would have to be increased if
it was expected to do anything.

There has been talk of a Wisconsin
valley electric line for a number of
years past, and while the present
scheme may not amount to any more
than some of those that have gone
before, it shows that capitalists have
their eye on this locality and consider
it a favorable locality for such a
scheme and that in time such a line
will be built.

Senator Spooner Resigns.
Senator John O. Spooner, the
senior member of the upper house
from Wisconsin has resigned his
position, same to take effect the 1st of
May. In making his resignation Mr.
Spooner gives as the cause the fact
that he is getting well along in years
and that it is in his interest to again
engage in the law business if he
wants to do anything along his line
before old age overtakes him.

The resignation of Senator Spooner
has naturally started a great deal of
speculation as to who will be his
successor. Among those mentioned
for the place are, Stephenson, Connor
and Lawrent, as well as a number of
other prominent Republicans throughout
the state. Of course it is pretty hard
to forecast the outcome of the matter
of this kind, but if our readers will
allow us to make a guess, we should
say that the next senator would be a
man from Marshfield by the name of
W. D. Connor.

Are Now Doing Business.
Sawson and Halverson have their
gents furnishing goods store open,
but are not able to make the display
that they will in a few days on
account of some of their fixtures not
having arrived. They will have a
very neat place when everything is
completed.

They had their showcases made by
the Kandy Mfg. Co., of this city, and
have some very nice cases, and report
that they were furnished cheaper than
they could have bought them in Chi-
cago.

A Family Row
John Pollard and Joseph Oshaleke
of Rudolph were brought before Jus-
tice Kover on Wednesday on a charge
of assault and battery, the complain-
ing witness being Martin Hagers,
brother in law of Oshaleke. They
pleaded guilty to the charge and paid
a fine of five dollars and costs.

Organized a Lincoln Club.
A number of our young men have
organized a Lincoln club, the officers
of the same being:

Henry Bonaboe—vice president
Edward Thompson—secretary
Charles Natwick—treasurer

One More for Grand Rapids

Grand Rapids has an addition to
her number of real estate men. J.
H. Linderman, formerly of Ripon,
Wis., has decided to cast his lot
among us and has opened an office
with Atty. J. J. Jeffrey over Gross
and Lyons store, as manager of the
Wis Insurance and Realty Co.
Mr. Linderman has been one of
Wisconsin's corps of high school prin-
cipals but has made up his mind that
health and wealth are more plentiful
in the business world. So, after
making a study of the realty business,
and becoming acquainted with one of
the leading realty companies of the
United States he has chosen Grand
Rapids as the best city Wisconsin
affords for building up an insurance
and Real Estate business.

The more honest real estate holders
a city has the better it is for that
city and as we are informed that Mr.
Linderman is one of the above class,
we extend to him the right hand of
fellowship, and wish him all kinds
of success.

Lumber Yards Change Hands

During the past week there has
been quite a change in the lumber
business in this city. The two yards
of the Grand Rapids Lumber Co.,
and that of the West Side Lumber Co.
have been purchased by the Parkin-
son-Marlin Lumber Co. of Madison.
The west side yard of the Grand Rap-
ids Lumber Co. will be discontinued
and the other two will be kept up.
This will simplify the lumber business
down to two firms in this city, that
of Kellogg Bros and the new com-
pany Mr. Parkinson was in the
city the greater part of last week and
the business was closed up on Friday.
The west side office will be in charge
of M. G. Gordon, altho it cannot be
stated as this time who will operate
the east side office.

Stock Fair Next Tuesday

The regular monthly stock fair
will occur in this city on the east
side market square next Tuesday,
March 13. The indications are that
there will be a good demand for
horses on that day, as Mr. Loomis
of Amherst has signified his intention
of being in the city and says that he
will want fifty horses. He wants
good looking, but says that if they
have a slight touch of this heaves it
will make no difference.

There will also be buyers for black
and young pigs, fresh milk cows and
other farm products. Those who
have anything in this line to sell are
notified to bring them in.

A. S. of E. Organized.

The members of the different or-
ganizations of the American Society
of Equity held a meeting in this city
on Monday and effected a county
organization. They elected as officers
the following:

President—Arthur Dean of Hansen
Vice president—George Conklin
of Seneca
Secretary—O. J. Lea of Seneca
Treasurer—Henry Harkbath of
Sigel.

There was a good crowd in atten-
dance at the meeting there being a
number of farmers in beside the regu-
lar delegates, making it evident that
considerable interest is being taken
in the work.

Inauguration of Reduced Rates.

The Chicago Northwestern Railroad
company has given notice that the
passenger rate of 25 cents a mile will
go into effect on its system in this
state, March 10. It is probable that
the new rate will be inaugurated on
the Wisconsin Central lines at the
same time, though as yet no official
notice at that effect has been issued
to station agents.

The Green Bay & Western has made
no announcement of its purpose since
the rate commission made public its
ruling and from this fact it is
presumed that that road will continue
its present schedule.

In Honor of Her Birthday

Miss Mathilda Stahl entertained a
few of her friends at her home on
Tuesday evening, the occasion being
her eighteenth birthday. The even-
ing was spent in playing games and
singing contests, the lucky ones in
winning prizes being, Miss Alta
Shermer and Ira Wood. Light re-
freshments were served and the party
of young people departed for their
homes at an early hour, wishing
Mathilda many happy returns of the
day.

BREWERY ACCIDENT.

Night Watchman Injured by Ex-
plosion of an Ammonia Tank
at the Brewery.

One of the ammonia tanks exploded
at the brewery on Wednesday eve-
ning, and the result was that Henry
Podwiltz who acts as night watch-
man was injured by the fumes or
ammonia and one side of his face was
burned and one eye injured consider-
ably, but not enough so that he will
lose the sight of it. Some of the
pipes in the engine room were
damaged, as well as a slight damage
to the engine, but the loss in this
respect will be very small.

The boilers of the brewery are kept
cool and at an even temperature the
year round with the aid of a refrigeration
plant, the ammonia being com-
pressed in the engine room, and then
led thru the engine in coils, which
are kept cool by the expansion of the
ammonia. At times it is necessary to
draw off a part of the ammonia and
for this purpose there are a number
of iron tanks made of heavy steel,
which are supposed to be capable of
standing a much greater pressure than
they are ever subjected to. It was
one of these tanks that exploded and
caused the trouble. It is not known
what caused the trouble, but was
undoubtedly a defect in the tank.
Taken altogether it was a very
lucky escape, as it might easily have
proven much more serious.

Does Not Like Proposed Law.

Simon Worland, chairman of the
town of Sigel, was in the city on
Monday and while here Mr. Worland
called at the Tribune office and spoke
of the bill which Assemblyman
Goldworthy has introduced into the
legislature regarding highways in
towns where the roads are used by the
rural carriers.

The bill provides that if there is
any objection on the highway that
the rural carrier can notify the chair-
man of the town or the road commis-
sioner and if the objection is not
removed within ten days that the
chairman because of a personal res-
ponsibility for any damage done. Mr.
Worland explained that the chairman
of the town had no authority to fix
up the roads, and that it could only
be done by the board setting in uni-
son, and this could only be accom-
plished after proper notice had been
given, and that ten days was too short
a time in which to look after a mat-
ter of this kind.

Another thing, he saw no reason
why a rural carrier should be in a
position to dictate to the town
authorities as to what they should do
with their roads. If the road were a
dangerous one and he should hurt
himself or his horse in passing over
it, he would have the same redress as
any other citizen, which he thought
was sufficient.

Again Handling Express

Charles Phillo started in again
last Monday handling the express for
the American Express Co. on the east
side, and will hereafter be in charge
of the office. Mr. Ketchum will have
his coal and wood office in the same
place as heretofore. Mr. Phillo left
the express office some time ago on
account of his health, and since that
time he has been doing outside work
and is feeling better.

Gross & Lyons Sell Out

Gross and Lyons have sold out
their grocery and dry goods store on
the west side to Johnson & Hill
Company, and the latter firm took
possession of the place on Monday.
Mr. Hill states that it is probable
that the stock will be closed out right
where it stands, and at the present
time they have no intention of re-
moving their quarters as rumored
when the sale was made.

It is stated that Mr. Gross will
associate himself with the Kieckhefer
firm at Wausau in the wholesale gro-
cery business, but Mr. Gross himself
is not making any statement concern-
ing the matter at the present time.
Mr. Gross left for Wausau this morn-
ing.

Arrested for Horse Stealing.

Frank Borgard of Port Edwards
was arrested by Sheriff Welch on
Monday being charged with horse
stealing by parties from New London.
On Tuesday the officers from New
London arrived in the city and took
the man in charge.

Candidates Announced

Harry Gardner has announced
himself as candidate for alderman in
the third ward and Geo. P. Ham-
brecht as supervisor for the same
ward. Up to the present time no
nomination papers have been filed
with the city clerk and the indica-
tions are that the coming spring
election will be rather a tame affair.

CITY DADS MEET.

Little to do Outside of the
Regular Routine Business.
Several Petitions.

The city council met on Tuesday
evening in regular monthly session,
but outside of a few petitions and the
regular monthly bath of bills there
was very little to do, and the session
was rather a short one.

A petition was presented asking that
the city fathers see about securing
the ground in front of O. Denia's
place for the purpose of fixing up a
playground for the children and a
place which could be used by the
working men during the noon hour
for eating dinner. The matter was
referred to a committee.

There was a petition signed by a
large number of our citizens asking
that the matter of putting a street
thru from first to second streets be
investigated and a report made at the
next meeting of the council. This
matter was referred to the street com-
mittee.

There was a petition from the
Stange Bros Co. asking that a water
main be laid from Grand Ave. thru
their property for fire protection.
Also that certain streets now running
across their property be vacated in
order to allow them to use the ground
in putting up their new buildings.
These petitions were both granted.
After the allowance of the usual
gist of bills the council adjourned.

Lost the Sight of an Eye
Michael Maun, Sr., father of
Garry, James and Mike Maun of
this city, recently lost the sight of
his left eye. When he retired at
night he was all right and when he
awoke next morning he was entirely
blind in the left eye. He has suffered
no inconvenience otherwise.

and taken altogether it was a very
pleasant evening. The Relief Corps

"THE GRASS WIDOW."

"I tell to see," I said to her.
"Your weeds for me who died.
Your vestments for a widow
Seem too glad-
She blushed at me, then winked at me
As easily she replied.
"I'm not a widow, but
But a grass one."

—Judge.

was taking you to the dentist instead
of to the candy store!"—Hawthorne's

Private Ownership.

Before a great fire of loss in Helicon
Hall, the seat of his utopian colony,
Upton Sinclair once again talked of
the injustice of the private owner-
ship of land:

"A tramp was one day strolling
through a park that belonged to the
Duke of Norfolk. The duke happened
to meet him and said:

"Do you know you're walking on
my land?"

"Your land?" said the tramp. "Well,
I've got no land of my own, so I'm
obliged to walk on somebody's. Where
though, did you get this land?"

"I got it from my ancestors," said
the duke.

"And where did they get it from?"
asked the tramp.

"From their ancestors," said the
duke.

"And where did their ancestors get
it from?"

"They fought for it," said the tramp
fiercely as he pulled out his cut-throat
razor and held it up to the duke's
throat.

"But the duke, hastily retreating, de-
clined to accept this fair offer."—Wash-
ington Star.

His Brilliant Idea.

"Why is it," she asked shortly after
the wedding, "that you don't care to
skate any more? You were so fond of
it before we were married."

"I wasn't fond of it, my dear. To tell
you the truth, I made a martyr of my-
self for your sake. I knew you en-
joyed it so I let me in for it."

"I thought I enjoyed it. I thought I
was a martyr too. I thought if I
didn't go and be tortured you'd take
some other girl, and—"

"Say, Panny, I believe it would be a
fine thing if every girl and boy could
be locked up for a minute like you be-
cause you are so good and kind. But it
is said to be by those that know it best,
a truly remarkable courage remedy.

Take no chance, particularly with
your children. Just try having Dr.

When Man is Unamiable.

Frank—There are times when I care
nothing for riches—when I could not so
much as put forth a hand to receive
millions.

Kittie—Indeed! That must be when
you are tired of the world and its
struggles and vanities—when your soul
yearns for higher and nobler things.
Is it not?

"No; you are wrong."

"Then, when is it?"

"When I'm sleeping."—The Bells.

Merely His Guess.

"Have you anything handsome?"
asked the druggist when the customer
handed him a \$100 bill.

"Yes, but I don't believe you'd want
it."

"Why not?"

"It's a piece of court plaster that I
got in a barber shop and have been
using all morning."—Chicago Record-
Herald.

Extremists All.

Batcheller—Well, if I ever do take a
wife I'll make it a point to pick out an
economical woman. Wisconsin—Impos-
sible, my dear boy! There's no such
thing as an economical woman. A woman
is either extravagant or stingy.
—Catholic Standard and Times.

A Fair Target.

Assum—Did She actually ask old
Boxley for his daughter's hand?

Wise—Yes, and he claims he com-
pelled the old man to toe the mark.

Assum—You don't say?

Wise—Yes, but She was the mark.

Style.

"Don't you think that author has a
remarkably original style?"

"Yes," answered Mr. Camrox, "his
style is wonderful. I can't understand
a single sentence he writes without
reading it at least twice."—Washing-
ton Star.

It Didn't Last.

Smith—Did I ever tell you about the
morning I woke up and found myself
famous?

Jones—No. What did you do then?

Smith—Oh, I went to bed the next
night and slept it off.—Detroit Tribune
